MESSAGE FROM OUR CEO

Bismillah Hir Rahman ir Rahim

Establishing a close alliance with our clientele is an important factor for our organization. We believe that efficient results can be obtained through the stability of a notable experience alongside a knowledge of today's best practices and access to advanced technology. Our company is driven by passion and dedication towards providing optimum output which stems from our devotion for providing our clients with extraordinary service to guarantee maximum satisfaction every single time.

SI Global understands the power of growing technology and innovation. We believe that change is built in the strength of working with local innovators and thinkers, connecting it with all areas of the Government. Gathering the general public to co-create with us, we want to encourage a positive, innovative and technologically vibrant sphere of Pakistan that helps us create solutions for improving our living standards.

Now it's time to listen, to evolve and to create a larger than life image of Pakistan.

SOME OF OUR CUSTOMERS FEEDBACK

100+ International Customers Feedback Few Are:

The compliments keep coming. I would like to thank you and your team, for the wonderful work you all have done to accomplish what we set out to achieve with the learning Gateway website - the design, the ease to find their way around. It's all very good.

OMG! I am blown away - my website is amazing! So much more reflective of who I am. I really am so impressed! It has such an open, expansive feel.

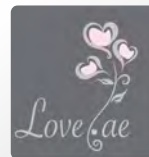

All I can say is THANK YOU for the tremendous services team SI Global has rendered. We have worked together on a number of projects and every single time the team has left us awestruck with their sheer professionalism and high quality work.

Very reliable and organized group to work on projects. They are effective at delivering what they promise on time and within budget.

Great job! I'm speechless. My mobile Apps are great and bring special "IT" factor to our business. It gives me goosebump.

We had an amazing experience working with SI Global. It was our first experience with them and we were truly amazed with the wealth of experience and talent the team possessed. The final product was beyond our expectations and we would highly recommend them.

All I can say is thank you! You have been absolutely amazing. I love how everything came together as well. I've already recommended you to a few people. I will be contacting you sooner than later.

As always great professionals and a very high level team! Thanks guys you are my team!

DIGITAL MARKETING

SI Global Solutions Marketing Experts have always led the field in accomplishing goals for our clients in the USA, UAE, Netherlands, Venezuela, Italy, UK, Australia, and Pakistan so far and we continue to expand our reach worldwide. We ranked amongst the "Top 3 Digital Marketing Firms" at Freelancer.com for the year 2022.

We've pledged ourselves in order to help our clients connect with their audiences across multiple platforms, creating brand identity and promoting business online through digital brilliance. We don't just stop there. We not only help retain the audience of your social media presence but we also convert them into potential leads. We, at SI-Global, are committed to helping you and your business reach new heights.

At SI Global, we do our research to get you exactly what'll work for your business and put it into effect. Our consultants are battle-tested veterans of social media marketing and have a proven track record. We have the skills, creativity, and industry-specific knowledge to make your social media optimization hugely successful.

We provide proficient Social Media Marketing Services to B2B and B2C companies to magnify their visibility on well-known social media platforms.

We are not just the best at SMM white label services but also offer you the best 'Social Media Consultancy Services' that you ever expected.

Defense Procurement

SI Global Solutions (Pvt) Ltd is an agile innovator and leading out of the box solution provider in the defense & Information Communication Technology (ICT) in Pakistan.

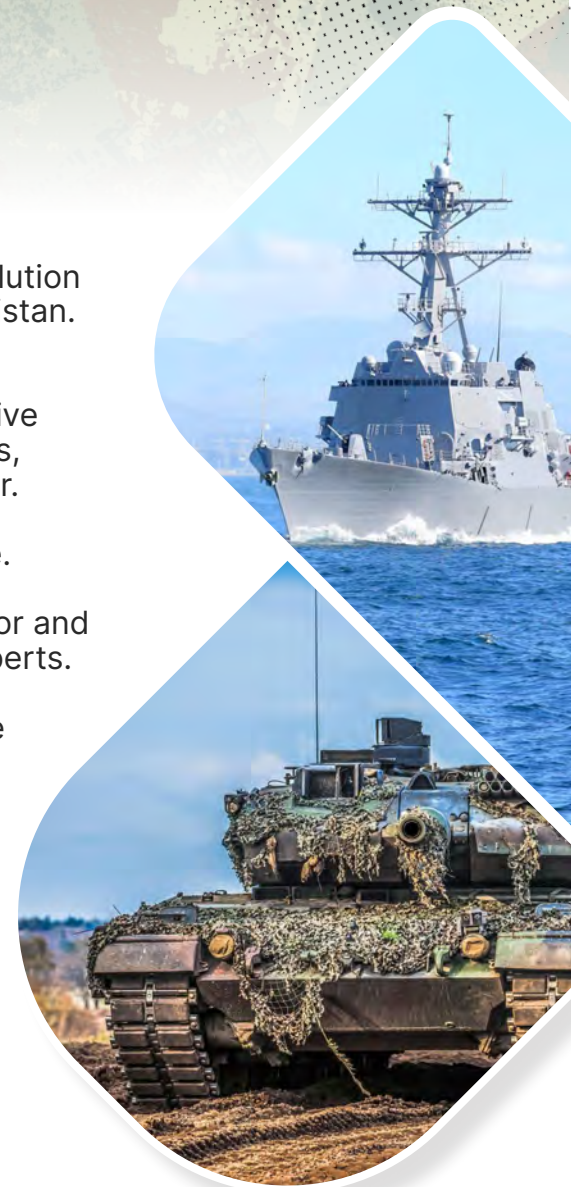

Over the years, our products and services have been repositioned and redefined to meet our defense services demand with high added values. Our team is broadly diversified which allows us to create powerful competitive advantages across many different segments in the defense sector for LEAs, and other related organizations as approved consultant, agent and supplier.

From a local solution provider in 2015, we have evolved into a well-known name that represents the defense industry on a global scale.

The credit goes to our very strong and highly professional team of retired, senior and mid-level officers supported by a highly skilled administrative team and IT experts.

We provide extensive local support to our partners, covering technical, logistical and administrative solutions, and go to great lengths to optimise maximum efficiency. We also provide our customers with upgraded and modernised solutions to meet the latest standards and challenges.

For offset and Transfer of Technology solutions, we also provide requisite data and local resources.

Exclusive Distributor

ProDevice is a leader in modern technologies of data removal from various types of storage media. We have been operating continuously since 2012, producing the highest quality degaussers and data shredders/destroyers. The products meet strict standards related to data protection, defined by international guidelines and legal regulations, such as GDPR.

DEGAUSSERS

01

ProDevice ASM120 degausser with PPMS technology generates a magnetic field of up to 11.000 Gauss.

02

ProDevice ASM240/240+ degausser generates a strong magnetic field (20.000 Gauss=2T) and is compatible with mobile apps.

03

The ProDevice DSS (Drawer Storage System) cabinet is a perfect solution for secure storage of data carriers (hard drives, magnetic tapes, disks, floppy disks, etc.). The product is made of high-quality and powder coated steel. Drawers are lined with a damping mat, which protects the carriers, and also minimizes the possibility of media movements and partitions when pulling out and inserting drawers. ProDevice storage cabinets are successfully sold worldwide through our extensive distributor network.
